Art OF SPA

If you have already experienced the benefits of visiting More Than Skin for your beauty needs (brows, waxing etc), we're thrilled to announce a new bespoke experience for our skin care novices. We have developed the perfect introduction to the world of professional skin care. For skin care newbies from 12 to 65, this is the start to a new routine #begoodtoyourskin.

Our 'Be good to your Skin' experience begins with an in-depth one-on-one consultation with our Spa Manager. You will then enjoy a bespoke 45 minute treatment with a spa therapist, tailor-made to address your skins needs and concerns, all for \$100 (valued at \$135). There will be options for starter packs and courses for you to really make 2018 the year you glow.

Perhaps you're already being good to your skin? Then this treatment is a great introduction for someone you've been wanting to share your love of expert skin care with. **Wonderful for teens**, most of which will experience clogged pores, acne and breakouts at some point during their 13 to 19 years. We only have to look back upon our own experiences to the days of rummaging through our parents skin care for an antidote to an unwanted spot. Our bespoke treatment will work on restoring confidence, for healthy, glowing skin for that special munchkin in your life this summer.

So go on, let your spa-newbies know about this exciting new treatment or as a regular beauty gal, join our wellness movement and be good to your skin this summer. For further details email us at info@morethanskin.co.nz, or enquire in-spa.

PS Look out for special MTS bespoke skin care tutorials next year #begoodtoyourskin

SEASONAL GIFT PACKS

You'll find an in-flux of vibrant collections in-spa over summer. These beauties include Joyce Blok and Decléor products, and make for the perfect gift. Take a look in-spa, you'll fall in love.

SUMMER romance

All you need is love, so this year we're vowing to embrace a little lovin' in our lives.

There's something truly spectacular about summer. Warm breezes, glistening sand under your toes and an electric, almost magical feeling in the air. There truly is a lot to fall in love with.

We encourage you to leave behind the familiar, and accept the new. Put a little more thought into that new hobby you've been meaning to start. Whether it be finally picking up that neglected guitar and learning a new chord, or mastering a new recipe, you'll find pockets of inspiration everywhere.

Summer also marks the arrival of Valentine's Day in February. This day is a beautiful reminder to welcome everything that means something special to you. As well as your loved ones, make sure you take a me-moment and spend a little time with yourself. You could finally visit the Matakana markets in the weekend, enjoy a picnic at your local park or catch up on your favourite show.

There's a reason the Swedish are among the happiest in the world. You may remember us adopting Hygge (all things warm & comforting) earlier in the year. Here's another word to fall in love with this summer, Forelsket; that intoxicatingly euphoric feeling you experience when you're first falling in love. **Simply gorgeous.**

GETTING HITCH'D?

We'll be at the Hitch'd Wedding Fair next year, 12th & 13th May 2018 – see you there!
