for the season**

Spring is finally here heralding the arrival of longer days, the scent of spring flowers and our gradual emergence from our winter cocoons. As a season of awakening and renewal, it's also a time when we focus on rejuvenating and replenishing our skin to create a radiant, luminous glow.

Facials and waxing and tinting (oh my!) are seasonal must-haves to help whip ourselves back into shape over the coming weeks, not to mention body treatments and tanning to keep the bikini-shopping cringe factor at bay. Plus, with the spirit of romance in the breeze it's time to get flirty, so jump on the beauty bandwagon and embrace a gorgeous new you.

cleansing the system

While the 'spring clean' is something of a cliché, we all like to shrug off those last lingering days of winter and start the season in a re-energised environment. The same is true for skin. It's time to concentrate on ourselves and start preparing for the warmer months ahead. A little groundwork now, can prevent the last minute party season panic and have you glowing for the summer.

Flirt

As the weather gets warmer, short shorts and flirty dresses inevitably begin to pop up everywhere. With said boldness, however, comes responsibility: sleek legs need something more than just shaving, and even your go-to make-up routine can suffer – think melting panda eyes on a beautiful, sundrenched day.

Offering the ideal spring-time makeover, our all-inclusive, 60min **'flirt' package** covers everything on your post-winter beauty to-do list. You'll experience a **half leg & bikini wax**, a **brow shape & eyelash tint**, and then relax into a **'boost' facial treatment**. This essential seasonal combo is priced at **only \$100** (valued at over \$130).

The 'flirt' package is available from 19th September until 23rd October 2011 (perfect preparation for the upcoming long weekend)

30 DAYS of fashion

The iconic Coco Chanel once said, "Fashion has two purposes: comfort and love. Beauty comes when fashion succeeds".

The Grand Finale of 30 Days of Fashion & Beauty is one of this year's most exclusive events, so of course we were thrilled to be invited to the festivities. Our expert therapists will be on hand to help kick-start your beauty routine and provide suggestions for healthy skin. We will be demonstrating this season's must-have treatment – eyelash perming, and have a '30 Days' offer for you and a girlfriend to enjoy.

So join us at Fashion & Beauty Central, 136 Broadway, Newmarket on Friday 30th September 2011 for a day to remember.

let's get down to business

We can help you rise to the challenge of organising Christmas gifts for valued customers and staff. Our collection of vouchers are available for a range of beauty treatments and services, or alternatively we can create the vouchers in any dollar denomination you would like. Plus, everything will be delivered to your door, beautifully gift wrapped and ready to go straight beneath the tree, removing some of the headaches associated with Christmas gifts.

Christmas parties

Think outside the box this year and hold your staff Christmas party at More Than Skin. Our Albany and Ponsonby salons can cater for groups of up to eight beauty devotees to spend an afternoon at the spa. Facials, pedicures, massages, the choice is yours. We'll top everything off with a glass of champagne to give you a little extra sparkle and a goodie bag to take home.

You'll be amazed at how quickly your points mount up, so spoil yourself and use them to upgrade your treatment or for a special add-on indulgence.

tips

Drain away nasty winter toxins with an Aroma Detox Body Wrap which helps to purify and remineralise your system as it stimulates and smoothes your skin

Toe the line: a pretty pedicure is a must as strappy sandals and wedges begin to appear. Spring's nail polish trends range from barely there to completely over-the-top. For a chic neutral look, wear polishes in peach or nude hues, or be adventurous by sporting lavender, robin's egg blue or gunmetal. If you can't get away with wild hues at work, polish your toes with your favourite bold spring shade
