Summer 2009

## Welcome

Happy New Year and welcome to our summer newsletter.

After the indulgences of sunny days at the beach and one too many tipples over the silly season, your skin may be feeling a little worse for wear. To help ensure the return of your flawless summer complexion we have created our Designer Facial, custom-made specifically for you. Schedule a personalised facial during February or March to ensure your skin is revitalised and glowing with good health.

We are really excited to introduce SpaRitual Collection with the start of the New Year. Like you, we enjoy researching new products and love the philosophy of this eco-friendly vegan spa brand. For holistic care of your nails, body and feet check out this new range in salon from 19th January.

It can be difficult not to be tempted by the sun at this time of year, but as we know the sun is the highest contributing factor in accelerated ageing. The addition of vitamin C to your skin care regime guarantees that your skin is packed with powerful antioxidants for complete sun defense. Our Sun Boosters offer will make certain your skin stays younger for longer, plus you'll receive a stylish summer gift.

Also, after the successful launch of SilkPeel in our Albany day spa, we are delighted to introduce the SilkPeel treatment to our Howick clients. Ask your therapist for more information.

We look forward to assisting you with all your skin care and beauty needs in 2010.

Clare and the team at More Than Skin

## SPARITUAL Vegan Spa Collection

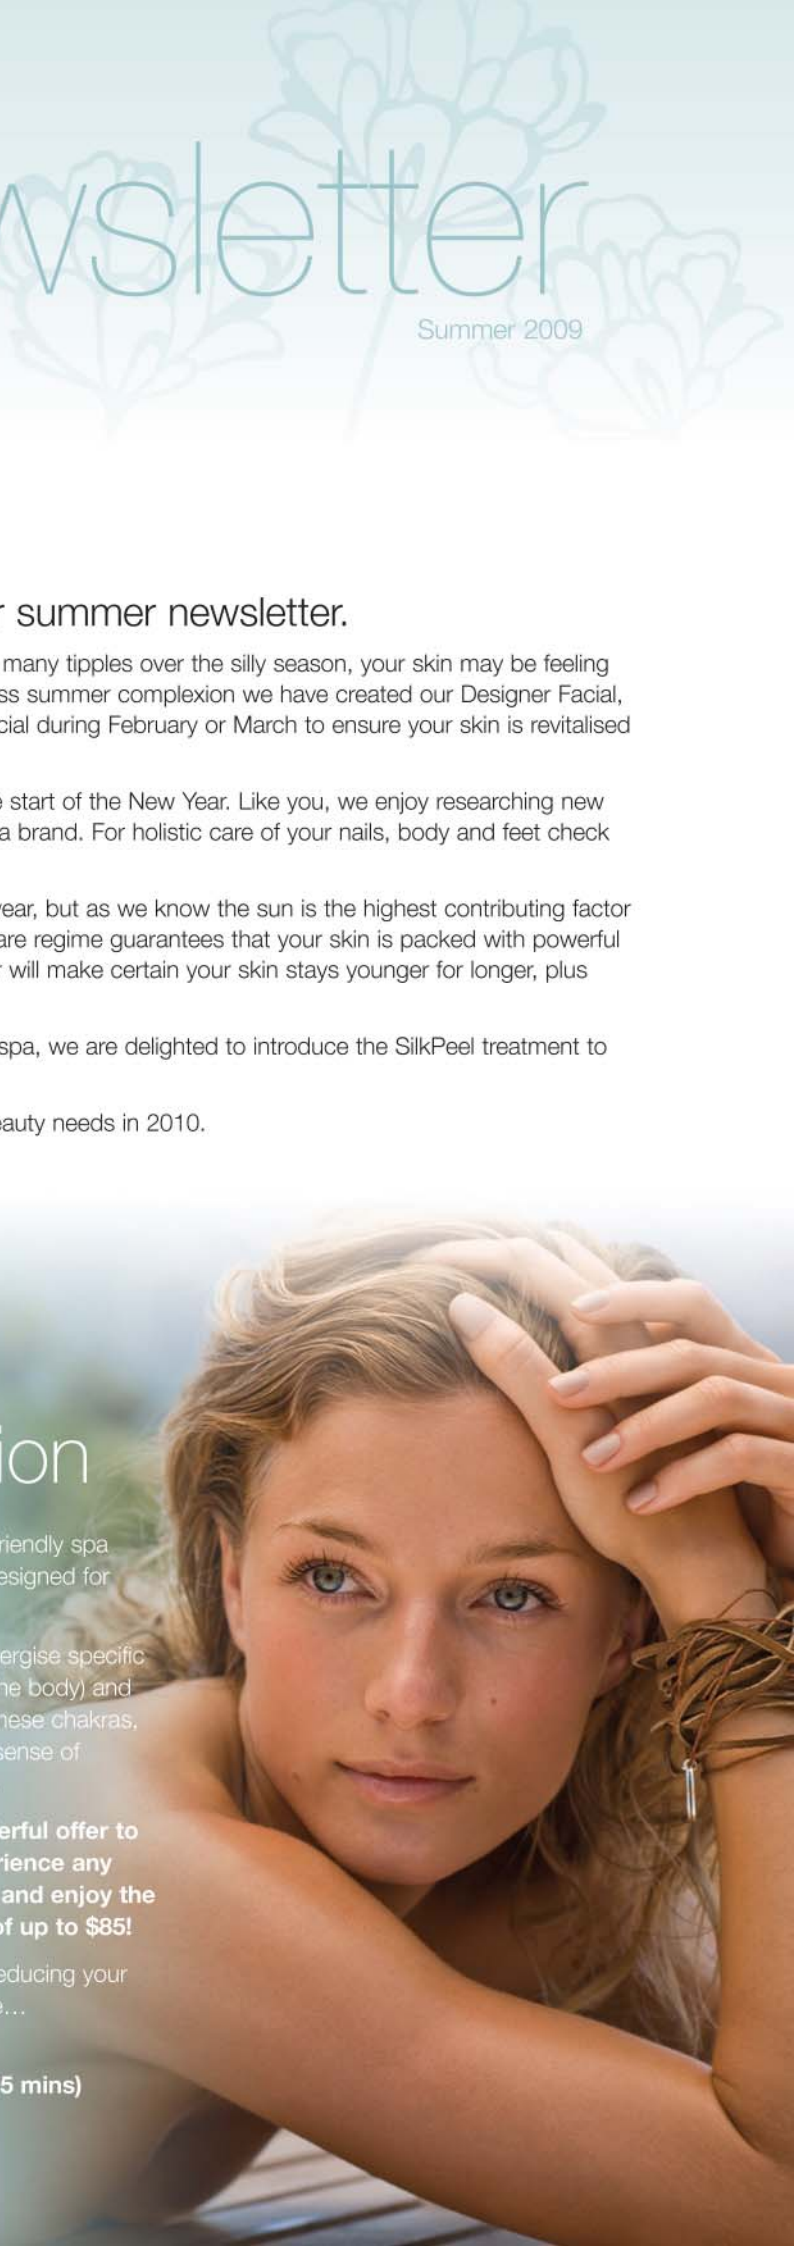

On January 19th we are thrilled to launch SpaRitual, a vegan-friendly spa collection of manicure and pedicure care products, specially designed for their holistic and therapeutic benefits.

The sumptuous SpaRitual treatments have been created to energise specific chakras (the seven energy forces which work together within the body) and help centre your mind, body and spirit. By skilfully balancing these chakras, this environmentally aware range leaves you with a wonderful sense of wellbeing, while naturally caring for your hands, body and feet.

**To introduce this eco-luxury spa brand, we have a wonderful offer to ensure you look gorgeous while saving the planet. Experience any SpaRitual treatment between the 19th and 30th January and enjoy the same treatment in February absolutely free – a savings of up to \$85!**

Let us pamper you with these luxurious nail treatments while reducing your carbon footprint (or handprint) with a glamorous splash of style... tree-hugging optional.

**Deluxe Pedicure \$75 (75 mins), Foot Spa Pedicure \$85 (75 mins)**

## Just in the Neck of Time

Not all women lie about their age, though to be honest ladies, most of us do. But however much you focus on presenting a youthful face and body, your neck and décolleté will always give you away.

This delicate area is one of the first places to show the signs of age, so Decléor's Neck and Décolleté Concentrate has been specifically designed to restructure the skin where hollows and wrinkles form. The silky moisturiser visibly smoothes, firms and "lifts" these vulnerable areas, providing a noticeable rejuvenating effect and erasing the wrinkled appearance of the skin.

Help turn the clock back with this highly effective concentrate. It might not be the fountain of youth, but it's the next best alternative.

**Decléor Neck and Décolleté Concentrate \$175 – in salon now**

## A Unique Solution for a Flawless Complexion - SilkPeel

What happens when you combine the latest advances in skin care technology with the soothing touch of an expert therapist? Beautifully radiant skin of course.

Refresh, restore and rejuvenate your skin with our popular SilkPeel DermoLissage™ treatment. After initially launching this unique facial at our Albany Day Spa, our North Shore clients love it so much, and demand from our other salons has been so great, that we have added the treatment at our Howick Day Spa.

Providing a gentle, non-abrasive exfoliation while simultaneously infusing your skin with a lush cocktail of vitamins, minerals and

antioxidants, the SilkPeel instantly brightens your complexion and improves the appearance and texture of your skin.

Our exclusive SilkPeel facial successfully treats all skin types, addressing a wide range of dermatological conditions. The gentle exfoliation is suitable for even the most sensitive of skins, while the nutrient rich formulations all contain highly effective ingredients which will be tailored to treat your specific skin concerns.

Significant and visible results are apparent after the first session, as skin will appear younger and healthier, feeling smooth, soft and replenished. We have seen amazing improvements when treating uneven skin tone, acne, sun damage, dehydration and fine lines.

This safe, painless and convenient treatment takes only 30 minutes, and is the perfect non-surgical alternative to dramatically refine the skin and renew your appearance. The results are immediate, revealing a luminous and revitalised complexion - and with no downtime required you can even sneak one in on your lunch-break.

## Back 2 Basics

When the clock struck twelve and the New Year began, was one of your hand-on-heart resolutions to **really** look after your complexion with a great skin care routine in 2010?

Now you know what they say about good intentions, so to help you keep your perfect complexion pledge and start down the road to flawless skin, we have a wonderful offer from Decléor to keep you on the straight and narrow.

Experts in Cosmetic Aroma-Skincare, Decléor has created a unique, natural approach to caring for your skin.

Based on a "Duo-Concept" combining the effectiveness of their essential oil Aromatherapy Aromessences™ with the protection of Phytotherapy moisturisers, these gorgeous products ensure your complexion will glow with life and vitality.

**To introduce Decléor to our new clients, and to reward those who know and love the brand, when you purchase an Aromessence™ and Moisturiser during January, you'll receive a free Cleansing Milk (75ml) and Tonifying Lotion (75ml), packaged in a 100% organic cotton pouch.**

If you're going to keep only one resolution this year, make it a beautiful one.

## Sun Boosters

The most important tip we can share with you over the summer season (and in fact at any time of the year) is to protect your skin from the sun. While SPF sunscreens offer you some defence against UV rays, protection means more than simply slapping on a little bit of sunblock.

Including a topical vitamin C serum into your skin care routine significantly reduces both UVA and UVB damage by providing a power packed boost of free-radical neutralising antioxidants. The antioxidants in Joyce Blok Serum CEF offer eight times the skin's natural photo-protection, providing you with unmatched sun-shielding armour. More protection means more youthful looking skin and better defence against environmental ageing.

**To start your summer romance with Vitamin C Serums, purchase a Joyce Blok SPF Sun Care product along with a Serum CEF this January and receive a free Joyce Blok beach bag!**

Be safe and stylish in the sun with these chic summer essentials, and start turning heads for the right reasons.

## Designer Facial

We all like to think we're one in a million, and according to the CSI teams, we really are. Every complexion requires a different approach depending on your skin type, age, specific skin conditions you may have and the time of the year.

A 'one size fits all' facial will never be as effective as a treatment fashioned precisely for your needs. That's why we specialise in creating the perfect treatment especially for you. We tailor make all of our facials to ensure you receive the maximum skin care benefits possible.

We have an exciting offer this February to ensure your skin glows with good health. With our Designer Facial your complexion will be professionally analysed and a skin care prescription developed just for you. You'll then enjoy a relaxing bespoke facial to target your individual skin blueprint, along with a host of other goodies.

This midsummer beauty boost is available until 31st March using our Joyce Blok Natural Skin Care or Decléor ranges to truly provide the best possible options for your skin.

**Treat yourself to a luxurious Joyce Blok Signature facial, lash tint and brow shape, and collect a Collagen & Elastin Mask, all for only \$95 (a value of more than \$180).**
